Our lot is a parking lot with a dark blue building at the back. iTrampoline is across the street from us. If you get to Waipahu Commercial Center (strip mall) on the right, you went too far! You can pull right into our lot and park by the building just to the right of the white canopy. Please leave our garage bay clear as our doctors come and go throughout the day.

View from across the street

You can park in front of the white door between the canopy and garage bay. Ring the doorbell to let us know you're here.
